

# HEATHFIELD AGRICULTURAL SHOW

## TRADE STAND RISK ASSESSMENT TEMPLATE 2025

We have a duty of care and need all our traders and exhibitors to help us with event safety by identifying potential hazards on their stand, assessing how serious any harm caused could be, and how likely it is that an injury could occur from a hazard.

We need to know that you've taken reasonable steps to identify and minimise risk. Under health and safety law, we all have a duty to do all that is reasonably practical to ensure the health, safety and welfare of our employees and of anyone else that may be harmed by our work activities or our workplace.

It's therefore a requirement of our Terms & Conditions that each stallholder (including their subcontractors) completes and submits a risk assessment form. This needs to be submitted in good time before the show along with proof of your public and products liability insurance cover. If your insurance renewal time falls between now and the event, then you'll need to re-submit when the new documents are issued.

Please complete this form in full and upload it with your application or return it by email to your section organiser:

<b>Exhibitor Name (Add stand location if known)</b>					
<b>Date of arrival on site</b>		<b>Date of departure from site</b>		<b>Stand size</b>	
<b>Name of person in charge</b>				<b>Contact number on site</b>	
<b>Description of stand/unit</b>					
<b>Maximum number of staff</b>		<b>Maximum occupancy (public)</b>		<b>Total maximum occupancy</b>	

### GENERAL HAZARDS (consider risks to your own staff and to customers, other exhibitors and visitors)

The following list is a guide to the elements you should consider, others may apply:

- |                       |  |                   |
|-----------------------|--|-------------------|
| Slipping and tripping | Manual handling  | Working at height |
| Machinery use         | Dust, fumes and chemicals                              | Falling objects   |
| Electrical equipment  | Overcrowding   | Vehicles          |
| Rubbish               | Weather conditions                                     | Effects of noise  |
| Livestock             | Fire (ignition sources, flammable substances, LPG use) |                   |

In your Control Measures listed, include information about compliance with relevant legal standards, recognised industry standards and training that has been undertaken.
